

With its minimum size, Axiohm's A711 label printer can be placed on a desk where space is at a premium. The A711's fixed printhead and thermal printing technology deliver sharp, clear print at 203 dpi and supports a large range of resident code page. The A711 offers high speed, low noise and outstanding reliability, while accommodating label rolls with a diameter up to 80 mm for higher autonomy.

The A711 special labelling features include: automatic loading and feeding of labels, automatic adjustment of label position at tear off point, automatic advance to the first printable line on the next label and is equipped with a double USB & RS232 interface to meet a variety of connectivity needs. This printer is highly adaptable and customised firmware, fontsets and functionality are available.

Features & Benefits

- Direct Thermal Desktop Label/Receipt Printer
- For direct thermal paper or label roll - adds flexibility to its uses
- Fast printing speed - 150mm/sec for ultra fast on demand labelling
- RS232C & USB dual interface - compatible with many systems and PCs
- Direct 24V DC powered - for permanent installations
- Large, 80mm diameter roll - reduces maintenance for roll changes
- Auto paper loading - to minimise downtime
- Automatic top of label sensing - for variable label lengths

Manufactured by...

Options

- White or dark grey case colour
- Customised firmware
- Choice of fontsets
- Linerless label roll

Applications

The A711 is equally suited to printing tickets or receipts onto direct thermal paper rolls, or labelling applications. Auto label detection makes it compatible with variable length, die cut label stock or continuous 'linerless' label rolls (such as MaxStick).

- Warehousing
- Retail
- Healthcare
- Product labelling
- Logistics, transportation - address labels
- Office use

A711 Label / Receipt Printer Specifications

SPECIFICATION	A711
Printing System	Direct Thermal
Case Colour(s)	Dark grey or white
Cutting System	Tear bar
Media	Direct thermal die cut label, linerless rolls or thermal paper roll
Media width	62mm
Print Length	37 - 187mm
Roll Diameter	80mm
Resolution	203 dpi, 8 dots/mm
Print width	448 dots, 56mm
Printing speed	up to 150mm/sec
Dimensions (WxDxH)	103 x 190 x 141mm
Weight	645g (without paper)
Interfaces	RS232C & USB
Flow Control	Hardware or Software (XON/XOFF)
Barcodes Supported	Code 39, 93, Code 128, EAN128, UPC-A, UPC-E, JAN8(EAN), JAN13(EAN), Interleaved 2 of 5(ITF), PDF417
Power Supply	24V DC at 2.5A (Universal AC PSU supplied)
Print head life	50km
Operating temp.	5 to 40°C
Humidity	65 to 85%
