

The Brother PocketJet compact and lightweight mobile printers fit easily into a briefcase or laptop bag and can be quickly mounted in any vehicle or small work area. They can print quotations, invoices and other reports whilst on the move to streamline the work of; field sales, field service, logistics and the emergency services.

These printers can be powered from rechargeable batteries, an AC adapter or vehicle power adapters. They can connect via USB, IrDA or Bluetooth to most devices including; laptops, tablets and smartphones. Some versions are also compatible with MFi and AirPrint.

Using Direct Thermal printing technology, the PocketJet range eliminates the need to purchase ink, toner or ribbons.

Features & Benefits

- Direct Thermal A4 Document Printer
- 200 or 300 dpi resolution - for general or fine printing
